

Faculty Board Memo

To: The Chairman, Faculty Board of the FMAS

From: Director - Examinations, FMAS, RUSL

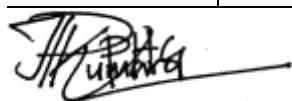

Subject: **Average Mark Calculation Method (for Awarding Classes) in 2nd, 3rd and Final MBBS Examinations**

Date: 15/07/2019

Components of the 3rd MBBS Part-1 examination have been changed in 2017 (2013/2014 batch onwards) by removing the pharmacology subject from the examination. And, components of the Final MBBS examination was changed in 2018 (2011/2012 batch onwards) by adding Psychiatry to the examination. Therefore, it requires a revision of class awarding criteria in Final MBBS, 3rd MBBS Part-I and Part-II examinations.

Herewith I am sending the current practice and suggested new criteria of awarding classes for the recommendation of the Faculty Board, FAMS, RUSL.

Examination	Title of the Examination Result Sheet & Average Mark Calculation Method	
	Up to 2012/2013 Batch (including 2012/2013 batch)	2013/2014 Batch Onwards (including 2013/2014 batch)
