

Organized by

General Research Committee of  
Sri Lanka Association for the Advancement of Science (SLAAS)  
and National Research Council of Sri Lanka (NRC)

# INTELLECTUAL PROPERTY RIGHTS (IPR) AND WHAT YOU SHOULD KNOW ABOUT IT

"Intellectual property is the product of the human intellect including creativity concepts, inventions, industrial models, trademarks, songs, literature, symbols, names and brands. Protection of IPR allows the innovator/ owner of the invention to benefit from his/her work without allowing monopoly intellectual property."

**Prof. M. N. Kaumal**

Professor in Chemistry, Department of Chemistry,  
CEO, Colombo Science and Technology Cell, Faculty of Science,  
Director, University Business Linkage, University of Colombo

15th July 2022 @ 1:30PM - 03:30 PM

## AIM

Provide an awareness on how to create, protect and manage IPR

## OUTPUT

Identify possible IPR in the research, decide the best way to protect IPR created from the research, and manage and commercialize the IPR created from research work.
